Dear Sir:

The present application was originally filed in the German language.

Enclosed with these national-stage papers is a certified translation from the German language into English. It is anticipated, however, that upon review of the certified translation, the Examiner will require a substitute specification under Rule 125(a). For that reason, the undersigned hereby submits a substitute specification.

Also enclosed is a computer-generated file comparison under Rule 125(b)(2).

No new matter has been added.

The substitute specification will also be submitted electronically via ePave.
